

New Location

Same great workshop

The Interagency Ecological Program

2004 Annual Workshop

Hutchins Street Square
124 S. Hutchins Street, Lodi

Welcome to the IEP annual workshop. This year, we will be focusing on fish and hydrodynamic work in the South Delta, results from the USBR Tracy fish facility, tidal marsh restoration and researches, and the status and trends from our long-term monitoring programs. We look forward to seeing you there.
